

NOTICE OF PUBLIC MEETING

American Structurepoint Inc., acting on behalf of the Indianapolis Department of Public Works (DPW), will hold a public open house meeting for the Troy Avenue and Post Road Intersection Improvement Project (ST-034-044) on **Wednesday, February 26, 2025 at 6:00 pm**. The public open house will be held at the Zion United Church of Christ Education Building, located at 8821 East Troy Avenue, Indianapolis, Indiana 46239.

The format of the meeting will be an informal open house. The open house session will provide the public an opportunity to view project exhibits and displays, as well as interact with the project team. Additionally, the public will be afforded the opportunity to provide comments on the information presented at the meeting through the submission of comments to the project team. You can also view project information by going to this website (<http://www.structurepointpublic.com/postandtroy>) or calling Macy Trotter at (317-547-5580) if you do not have internet access.

The project is located at the intersection of Troy Avenue and Post Road, approximately 0.53 mile north of Interstate 74 (I-74) in Indianapolis, Marion County, Indiana. The current scope of work would consist of converting the existing intersection into a 110-foot Inscribed Circle Diameter (ICD) roundabout. This will be a single lane roundabout with 12-foot lanes, that taper to 10 feet leaving the roundabout to match the existing lane width leaving the intersection. New curbs, sidewalks, crosswalks, and lighting would also be installed. Curb turnouts would be installed with trench drains across sidewalks and paths for drainage.

The proposed project would require the acquisition of approximately 1.36 acres of permanent new right-of-way and approximately 0.19 acre of temporary right-of-way. No relocations are anticipated as a result of the proposed project. Maintenance of traffic would include a full closure with detour utilizing Franklin Road, Raymond Street, and Davis Road. Access to all properties will be maintained throughout construction.

For more information and to view the public information packet, exhibits, and provide comments on the proposed project at your convenience, you can visit the following webpage (<http://www.structurepointpublic.com/postandtroy>). All comments are requested by March 26, 2025.

With advance notice, the City of Indianapolis can provide special accommodation for persons with differing abilities, limited English speaking ability, and/or persons needing auxiliary aids or services such as interpreters, signers, readers, or large print.
